BAI LED Filament Tube T38x150mm E27 220-240V 12W (131W) 2100lm 3000K Dimmable Clear FLOS LED-lamp

LED Filament Bulbs: Classic Look, Modern Efficiency. LED filament bulbs are the modern, eco-friendly alternative to traditional incandescent bulbs. Featuring filament technology, they use significantly less energy and have a much longer lifespan. This series of tubular bulbs is dimmable* and is ideal for replacing incandescent bulbs over 100W. They shine especially in elegant fixtures such as those by FLOS (like the iconic Glo-Ball). Dimmability depends on the type of dimmer and the number of bulbs per dimmer.
