Compact Dashcam with a clear view of every detail

The OSRAM ROADsight 1500 Dash Camera 1080p stands out due to its combination of advanced features and user-friendly design. The compact 2" screen ensures ease of use without taking up much space, while the adjustable suction cup mount provides flexibility in fitting, allowing you to position the device exactly where you need it. With a screen resolution of 1920 x 1080p and a frame rate of 30FPS, you can expect clear and smooth video quality. The 110° field of view captures a broad area, ensuring you don't miss any important details.

Operating efficiently within a voltage range of 8-30V, this device is compatible with various vehicles. The G Sensor automatically detects collisions and saves files to prevent data loss during unexpected events. It supports up to 32GB capacity with its Micro SD card slot, providing ample storage for your recordings. The USB-C power cable ensures a reliable power connection with a modern interface.

Designed for easy setup without the need for complex wiring, the sleek design includes a screen for ease of use, making it both functional and aesthetically pleasing. High-resolution recording ensures that every detail is captured clearly, and the collision protection feature offers peace of mind by automatically saving files in the event of a collision.
